TO WHOM IT MAY CONCERN

RE: HEALTHCARE DIRECT RECOMMENDATION LETTER

We hereby confirm that HEALTH CARE DIRECT (K) is one of our major suppliers for surgical and safety consumables. We have partnered with them for the past 13 years and highly recommend them for quality goods and efficient services.

During our contractual experience with them, they have proven without doubt that they have continuously kept competitive prices in the market without compromising the quality of goods and services that they provide. They are flexible enough to handle emergencies as and when required and are always ready to go an extra mile to handle huge capacity requirements.

We have also known them as very sensitive to matters that concern environment and contribute generously to society by actively partnering with other companies.

We highly look forward to working with them for a long time to come as they form a very crucial role in helping us achieve our goals.

Yours faithfully
