TO WHOM IT MAY CONCERN

RE: RECOMMENDATION LETTER – HEALTHCARE DIRECT (K) LIMITED

We hereby confirm that Healthcare Direct (K) Limited is one of our major supplies for Medical Disposables and Personal Equipment's. We have done business with them (for over five (5) years).

They have supplied us consistently meeting our order requirements on time and maintaining a reasonable high level of quality of the products.

They are flexible enough to handle emergencies as and when required and are always ready to go an extra mile to handle huge capacity requirements where need arises.

We highly look forward to working with them for a long time to come as they serve a very crucial role (towards the achievement of Company goals).

We would like to recommend them to any other potential users.

Yours faithfully

For: **MINI BAKERIES (N) LIMITED**
